JUNE 1961

**Symposium on
Perinatal Mortality**

ROBERT E. L. NESBITT, JR., M.D.

GUEST EDITOR

Foreword	315	Robert E. L. Nesbitt, Jr., M.D.
Public Health Viewpoint: Scope and Perspective	317	Edward R. Schlesinger, M.D., M.P.H., and Robert E. L. Nesbitt, Jr., M.D.
The Effect on the Fetus of Viral Disease in the Mother	327	Edith L. Potter, M.D., Ph.D.
Basic Factors Influencing Premature Birth	341	Paul D. Bruns, M.D., and Warren E. Cooper, M.D.
Impairment of Placental Exchange	352	Irwin H. Kaiser, M.D., Ph.D.
Congenital Malformations: Current Knowledge of Etiology	365	William J. Schull, Ph.D.
Bacterial Infections of the Fetus and the Newborn Infant	383	Charles V. Pyles, M.D., and Sydney S. Gellis, M.D.
Preconceptional Approach: Prevention of Early Fetal Death	402	Edward C. Hughes, M.D.
Survey of Clinical Factors in the Prevention of Perinatal Mortality after Period of Viability	417	M. Edward Davis, M.D.

**Symposium on
Radiation Therapy**

A. N. ARNESON, M.D., and
JAMES F. NOLAN, M.D.

GUEST EDITORS

Foreword	443	A. N. Arneson, M.D., and James F. Nolan, M.D.
The Natural History of Uterine Cancer	445	A. N. Arneson, M.D.
The Physical Aspects of Radiation Therapy of Carcinoma of the Cervix Uteri	466	M. Ter-Pagossian, Ph.D.
The Biologic Principles of Radiation Treatment in Uterine Carcinoma	504	James F. Nolan, M.D.
Radiation Therapy for Cervical Cancer	520	G. C. Lewis, Jr., M.D., and A. Roventos, M.D.
Endometrial Carcinoma	559	John A. Wall, M.D.
The Reporting of Survival from Cancer: The Data Necessary to Evaluate the Results of Therapy	574	Harvey R. Butcher, Jr., M.D.
Cumulative Contents: Volume 4 (1961)	583	
Cumulative Index: Volume 4 (1961)	585	

SEPTEMBER 1961

**Symposium on
Cardiovascular-Renal
Problems in Pregnancy**

RUSSELL R. DE ALVAREZ, M.D.

GUEST EDITOR

Foreword	601	Russell R. de Alvarez, M.D.
Heart Disease and Pregnancy	603	Curtis Lester Mendelson, M.D.
Pulmonary Hypertension in Pregnancy	630	John Figgis Jewett, M.D.

Pregnancy and Coarctation of the Aorta	645	John F. Goodwin, M.D.
Exercise Tolerance in Pregnant Cardiac Patients	665	Robert A. Bruce, M.D., and Willard P. Johnson, M.D.
The Problems of Anesthesia in the Pregnant Cardiac Patient	677	John J. Bonica, M.D.
Cardiac Surgery During Pregnancy	697	Dwight E. Harken, M.D., and Warren J. Taylor, M.D.
Renal Circulation and Function: A Survey, with Special Regard to Pregnancy	710	Lars Werkö, M.D.
Fluid and Electrolyte Regulation in Pregnancy	724	Russell R. de Alvarez, M.D., and Muriel J. Lamkee, M.D.
Uric Acid and Endogenous Creatinine Clearances	735	T. T. Hayashi, M.D.
The Nephrotic Syndrome in Pregnancy	744	Muriel J. Lamkee, M.D., and Russell R. de Alvarez, M.D.
Renal Biopsy in Normal and Toxemic Pregnancy	757	John B. Nettles, M.D., and Willis E. Brown, M.D.

Symposium on Ovarian Tumors

Foreword	769	Langdon Parsons, M.D.
Clinical Behavior of Ovarian Neoplasms	775	Langdon Parsons, M.D.
Endometriosis	788	Richard W. Te Linde, M.D.
The Polycystic-Ovary Syndrome	807	Francis M. Ingersoll, M.D.
Functional Tumors of the Ovary	821	John McLean Morris, M.D.
Problems Presented by Benign Solid Ovarian Tumors	834	George S. Richardson, M.D., and Howard Ulfelder, M.D.
The Surgical Treatment of Cancer of the Ovary	846	Joe Vincent Meigs, M.D.
Ovarian Conservation	855	Clyde L. Randall, M.D.
Radiotherapy in the Treatment of Ovarian Carcinoma	865	Hans-Ludwig Kottmeier, M.D.
Attempted Palliation by Radical Surgery in Pelvic and Abdominal Carcinomatosis Primary in the Ovaries	875	Alexander Brunschwig, M.D.
A Critical Review of Chemotherapy in the Treatment of Ovarian Carcinoma	885	Myrosław M. Hreshchyshyn, M.D.
Cumulative Contents: Volume 4 (1961)	901	
Cumulative Index: Volume 4 (1961)	904	

DECEMBER 1961

Symposium on Shock and Shocklike States

Foreword	923	Keith P. Russell, M.D.
Physiologic Bases of Hypotensive Shock	925	Harry A. Davis, M.D., Ph.D.
Tissue Effects of Shock	932	H. L. Sheehan, M.D.
Shock Due to Supine Hypotensive Syndrome	944	Ben K. Howard, M.D.

KEITH P. RUSSELL, M.D.

GUEST EDITOR

Obstetric Shock	950	Charles L. Schneider, Ph.D., M.D.
Endotoxin Shock	971	Max H. Weil, M.D., Ph.D.
The Management of the Patient Admitted in Shock	984	George A. Macer, M.D., and Lester T. Hibbard, M.D.
Management of Hemorrhagic Shock	990	Isadore Dyer, M.D.
Septic Shock	999	Duncan E. Reid, M.D.
Postpartum Vasomotor Collapse and Postpartum Shock States	1005	Howard J. Tatum, Ph.D., M.D.
Shock in the Newborn Infant	1015	Joan E. Hodgman, M.D.

Symposium on Exfoliative Cytology

Foreword	1029	A. E. Rakoff, M.D.
Techniques for Collection and Preparation of Cytologic Specimens	1031	George L. Wied, M.D.
Hormonal Cytology in Gynecology	1045	A. E. Rakoff, M.D.
Hormonal Cytology of Pregnancy	1062	Paul K. Birch, M.D.
Cytology of Benign Conditions	1075	John K. Frost, M.D.
Analytic Study of Cellular Changes in Carcinoma <i>in Situ</i> , Squamous-Cell Cancer, and Adenocarcinoma of the Uterine Cervix	1097	James W. Reagan, M.D., and Stanley F. Patten, Jr., M.D.
The Exfoliative Cytologic Characteristics of the Endometrium in Health and Disease	1128	Alexander Horava, M.D., Ph.D., Jacoba C. de Neef, M.D., Ph.D., John C. Boutsalis, M.D., and Emmerich von Haam, M.D.
The Cytology of Tumors of the Ovary and Fallopian Tubes	1159	Erica Wachtel, M.D.
Interrelationships of Cytology, Colposcopy, and Biopsy	1172	Warren R. Lang, M.D.
Evaluation of Exfoliative Cytology as a Screening Method for Pelvic Cancer	1183	Emerson Day, M.D.
Cumulative Contents: Volume 4 (1961)	1199	
Cumulative Index: Volume 4 (1961)	1203	

A. E. RAKOFF, M.D.

GUEST EDITOR

CUMULATIVE INDEX

Boldface type shows inclusive page numbers of chapters or extensive discussion.

Abortion, cytologic findings in, 1065
incidence, 402
incomplete, hemorrhage in, 991
"likely," cytologic studies in, 1069-1070
missed, cytologic studies in, 1066
previous consecutive, and prematurity, 344-345
psychogenic, medicolegal aspects, **265-297**
 current views on, 269-270
 diagnostic logic in, 277-278
 litigated, cross-examination of expert witness in, 284-288
 pathophysiology, 274
 psychiatric factors in, 274-277
 survey of litigation involving, 288-297
spontaneous, 404, 406
 pathologic findings, 412
 See also Fetus, early death of
therapeutic, in heart disease, 619-620, 703
threatened, cytologic findings in, 1065-1066
 for appraisal of stilbestrol therapy in, 1066-1067
Abruptio placentae, 80, 954, 955
causing obstetric shock, **957-964**
 treatment, 960-964
hemorrhage of, 992
and perinatal mortality, 422-424
renal damage after shock associated with, 937
shock associated with. *See Shock, obstetric*
Actomyosin, myometrial, and estrogen, 22, 23
and uterine contractions, 22
Adeno-acanthoma, endometrial, cytologic findings in, 1150-1153
Adenocarcinoma, 568, 569
cervical, 448
 cytologic studies, 1113-1115, 1120-1125
endometrial, 559, 560, 561
ovarian, 1164-1169
 tubal, cytologic findings, 1161-1162
uterine, radioresistance, 463
See also Cancer
Adrenals, effects of shock on, 942
See also Vasomotor collapse, postpartum
Adrenogenital syndrome, cytologic findings in, 1057
Age, and congenital malformation, 375-377
and prematurity, 350, 421
Amenorrhea, cytologic findings in
 primary, 1053-1055
 secondary, 1055
Amnesia, during labor, drugs for, 62
Amniocentesis, transabdominal, for recording uterine contractions, technique of, 18-22
Amniotic fluid embolism. *See Embolism*
Analgesia, without anesthesia, for delivery of grand multipara, 137, 138
for childbirth, 51-66
conduction, 87-105
for grand multipara, 136
inhalation, for delivery of cardiac, 622-625, 686
regional, for delivery of cardiac, 684-685
systemic, 52-53, 62-65
 effects on fetus, 53-59
 maternal hazards from, 59-62
 relationship between blood levels and systemic effects in mothers and infants, 54-57
 "safety" factor, 56-57
in twin deliveries, 140
Anaphylactic reaction, as cause of shock, 927
obstetric, 952
Androgens, effect on smear, 1050-1051
Anemia, posthemorrhagic, in newborn, 1019-1023
Anencephaly, incidence, 378
Anesthesia, conduction
 anatomic considerations, 90-92
 caudal, continuous, 100
for delivery, 97-105
 of cardiac, 623-624

Pages 1-304 are in March issue; 305-592, June issue; 593-912, September issue; and 913-1216, December issue.

- of toxemic patients, 134
- development of, 87-90
- effect of, on labor, 36-44
- fetal oxygen under, 48, 49
- physiologic considerations, 90-92
- pudendal nerve block, 98
- safeguards for, 92-94
- spinal, 87, 89
 - complications, 100-102
 - continuous, 100
 - "single-shot," low, 98-100
- survey of complications of, 103-105
- and vasomotor collapse, postpartum, 1011-1013
- for delivery
 - of cardiac, problems in, 677-696
 - choice and management, 76-83
 - effect on fetal oxygen, 47-50
 - in psychorelaxation management, 112-113
- development, 11-13
- and infant and maternal mortality, 13-15
- inhalation, for obstetrics, 68-85
 - in emergencies, 93
 - for vaginal hysterectomy, 211
- local
 - for delivery, 79
 - for vaginal hysterectomy, 211
- management, in delivery of cardiacs, 622-625, 686, 691-693
- obstetric, 11-144
 - and perinatal mortality, 428
 - regional block, for labor pain, 52
 - special problems in, 132-143
 - spinal, for vaginal hysterectomy, 211
 - for surgery during pregnancy, 76
 - in cardiacs, 695
 - for twin deliveries, 140-141
- Anesthetic agents, fetal and maternal effects, 682-683
 - inhalation, 68-76
 - local, 94-95
- Anoxia, and perinatal mortality, 421-427, 428-429
 - See also* Asphyxia; Hypoxia
- Apgar Score, 53
 - criteria and method of scoring, 119-121
- Apoplexy, uteroplacental, 80
- Arrhenoblastoma, ovarian, 1169
- Asphyxia, neonatal, 118, 119, 120, 1017-1019
- Autoextraction, of tissue thromboplastin, producing fibrinogen, experimental, 955-957
- B**acteremia, associated with shock, 972-973
- Bartholin's gland abscess, operation for, 257-258
 - cyst, operation for, 257
- Biopsy, of cervix, 147, 161, 166
 - and colposcopy and cytology, interrelationships of, 1172-1182
 - endometrial, water-suction method for, 565-566
 - renal, 730, 746, 757-766
- See also* Conization
- Birth injury, and perinatal mortality, 428-431
 - region of, and congenital malformation, 329
 - season of, and congenital malformation, 377-379
- Bleeding, postmenopausal, 567
 - and endometrial cancer, 564
- Brain damage, at birth, 431
- C**ancer, cervical
 - biopsy for, 160
 - colposcopy in diagnosis of, 1177-1180
 - conization for, 161, 163
 - dosimetry for combined external and internal radiation therapy in, 497-499
 - life cycle, 456
 - radiation therapy for. *See* Radiation therapy
 - in situ, cytologic characteristics of, 1097-1105, 1108-1110
 - squamous-cell, 1111-1112
 - cytologic findings, 1105-1120
 - See also* Cancer, uterine
 - control, implications of cytologic screening for, 1195-1196
 - endometrial, 559-572, 1128-1131
 - classification, 568-569
 - cytologic findings in, 1145-1150
 - in situ, 1143-1145
 - diagnosis, 564-568

disseminated by curettage, 566
etiology, 560-563
incidence, 559-560
symptomatology, 563-564
granulosa-cell, 1169
treatment, 569-572
See also Cancer, uterine
ovarian, 772
chemotherapy in, 885-900
cytologic findings in, 1163-1169
and endometriosis, 804-805
posterior colpotomy for case finding
in, 151
radiation therapy for, 865-873
surgery for, 846-854
types, 846-848, 865-869
See also Radiation therapy
screening, cytologic study in
defined, 1183
mass, 1040-1041
for pelvic lesions, evaluation of,
1183-1198
procedure, 1039-1040
See also Cytology
in situ, 200, 201
statistics, 457-461
reporting of, 574-579
uncontrolled, life cycle, 456-464
uterine
biologic principles of radiation effect in, 504-518
See also Radiation therapy
clinical classification, 449-452
cervical, 450-451
endometrial, 451-452
etiology and diagnosis, 446-447
follow-up, timing of, 461
growth
exophytic, 452, 453
infiltrating, 452-453
natural history, 445-464
physical aspects of radiation therapy
for, 466-503
prognosis, 452, 453, 463
radiosensitive, 453
spread, 447-449
tumor-host relationship, 452-456,
505
See also Radiation therapy; *specific operations*
vulval, operation for, 258-261

Carcinomatosis, pelvic and abdominal, primary in ovaries, radical palliative surgery in, 875-884
Cardiac output, reduced, and shock, 925-927
Caruncles, urethral, cytologic study in, 1088
Cervicitis, cytologic findings, 1088-1093
Cervix, biopsy, colposcopy, and cytology in, interrelationships, 1172-1181
carcinoma of
cellular changes in, 1097-1127
choice of hysterectomy procedure for, 218-219
criteria of operability, 220
collection of cytologic specimens from, 1036
colposcopy for examination of, 157-158
diagnostic procedures and operations on, 160-167
incompetent, and prematurity, 344-345
lesions of, questionable, cytologic studies in, 1088-1094
stenosis, 568
and cancer, 562
See also Cancer; Radiation therapy
Cesarean section, anesthesia for, 78-80, 694
spinal, with hysterectomy, 99
previous, and prematurity, 343-344
Cesium-137, in radiation therapy, 468
Chemotherapy, in ovarian cancer, 885-900
Childbirth, exercises for, 111, 113-114
hypnosis for, 111-112, 681
natural, 51, 110-111
previous, and perinatal mortality, 319-322
psychophylactic method for, 51, 111
safe, requirements for, 15-16
Chromosome aberrations, and congenital anomalies, 371-373
Circulation, stresses of, during labor, and analgesia, 60-61
See also Shock
Coagulation defects, and obstetric shock, 938-939
See also Shock, obstetric

Coarctation of aorta, in pregnancy, 645-664

Cobalt-60, in radiation therapy, 468, 469

Collis technique of fistula repair, 232-235

Colpocentesis, 147, 149-151, 987

Colpocleisis, partial, for repair of fistula occurring after total abdominal hysterectomy, 235-239

Colporrhaphy, posterior, after Manchester operation, 185

Colposcopy, 147, 149, 157-158 and biopsy and cytology, interrelationships of, 1172-1182

Colpotomy, 147, 149, 151-154 in diagnosis of Stein-Leventhal syndrome, 809

Conization of cervix, 161-164

Cox pulmonale, acute, during delivery. *See* Obstetric shock

Cord flow, obstruction, and perinatal mortality, 357, 426-427

prolapsed, anesthesia in, 80

and vasculitis, 394

and rupture of membranes, 386, 387

Corticosteroids

effect on cytologic smear, 1051-1052

therapy

in pregnant patient, postpartum vasomotor collapse in, 1010

shock, 985-986

endotoxin, 980-981

Coxsackie Group B virus infection during gestation, effect on fetus, 335-336

Creatinine clearance, and kidney function, 735-743

Cul-de-sac, collection of cytologic specimens from, 1037

methods for examining contents. *See specific procedures*

her. *See* Enterocle

Culdoplasty, wedge, for enterocle repair. *See* Enterocle

Culdoscopy, 147, 149, 154-157

in diagnosis of

ovarian cancer, 851

Stein-Leventhal syndrome, 809

Curettage, 167, 566

Cyclopropane, 70-71, 81, 82

for delivery of

bleeding mother, 137

cardiac patient, 623, 686

first twin, 141

toxemic mother, 134

for vaginal hysterectomy, 211

Cyst, ovarian, 771

See also Tumor, ovarian

Cystadenoma, pseudomucinous, 773

Cystocele, recurrence of, after Manchester operation, 180

Cystourethropexy, in enterocle repair, 195

Cytologic specimen

classification, with respect to cancer, 1183-1184

instruments for preparation, 1031-1034

normal vaginal, in various life periods, 1052-1053

preservation, 1037-1039

sites of collection, 1034-1037

for hormonal evaluation, 1045-1046

staining methods, 1046-1047

techniques for obtaining, 1031-1044, 1063

rapid-study, 1041-1042

 shock in, 944-949
 treatment, 947-948
 Surgery, cardiovascular, during pregnancy, 619, 697-709
 for coarctation of aorta, 653
 effect on exercise tolerance, 672
 for endometriosis, 801-803
 for functional ovarian tumor, 833
 hemorrhagic shock during, 992-993, 996-997
 See also Shock
 for ovarian cancer, 846-854
 pelvic, "definitive," 855-856
 for Stein-Leventhal syndrome, 807, 816-818
 vaginal approach in, 147-261
 See also Vaginal approach; specific conditions
 Syphilis, antenatal, 391
 Teratogens, known, 367-370
 Teratoma, 827
 Testicular dysgenesis, 1078
 Toxemia, 132, 362, 601
 choice of anesthesia for delivery of patient with, 134
 hypertensive, associated with shock, 1007-1011
 in mothers of twins, 139
 and premature birth, 342-343
 renal biopsy in, 757-766
 rest in treatment of, 361
 "Toxemic collapse"
 kidney damage after shock associated with, 937-938
 See also Shock, obstetric

Toxoplasmosis, as teratogen, 369

Transfusion

- auto-, fetomaternal, as cause of shock during delivery, 954-955
- intra-arterial, technique and indications, in patient in shock, 993-996

Tumor

- fallopian tube, cytology of, 1159-1171
- malignant, cytologic findings in, 1161-1163
- ovarian, 769-900
 - benign solid, 834-845
 - chemotherapy in, 885-900
 - classification, 776
 - clinical behavior, 775-787
 - conservation or total resection in, 855-864
 - cytology of, 1159-1171
 - functional, 821-833, 866
 - malignant, 839, 1185
 - radiotherapy in, 865-874
 - surgery for, 846-854
 - masculinizing, cytologic findings in, 1057
 - radical palliative surgery in, 875-884
 - terminology, 822
- See also* Ovary, polycystic

See also Cancer

Twin deliveries, problems of anesthesia in, 139-142

Twining, and prematurity, 341-342

Uric acid clearance, and kidney function, 735-743

Urinary-tract infection, and prematurity, 348

Uterus, abnormally large, technique for removal of, 210-216

- atresia of, operation for, 249-254
- cancer of. *See* Cancer; Radiation
- cervix of, diagnostic problems in and operations on. *See* Cervix
- chorionepithelioma of, cytologic findings in, 1155
- circulation, and placental function, 360-361
- collection of cytologic specimens from, 1036-1037

contraction

- effect of anesthesia on, during labor, 33, 36-44
- neurogenic factors in, 35-45
- physiology of, 22-23, 26, 35, 41
- recording of, 17-21

double formations of, 240-249

- technique of operation for, 245-248
- hemorrhage, during delivery, anesthesia for, 80-81
- innervation of, 32-33
- irradiated, cytologic findings in, 1155-1157
- physiology of, 17-45
- prolapse of, congenital, and enterocele, 179-185, 187, 200
- sarcoma of, cytologic findings in, 1153-1155

Vaccination, maternal, during gestation, effect on fetus, 330-331

Vagina

- lesions of, cytologic study in, 1087-1088
- sites for collection of cytologic specimens in, 1034-1036
 - for hormonal evaluation, 1045

vault prolapse. *See* Entercele

Vaginal approach, in surgery, 149

- advantages of, 220-221
- development of, 147
- for hysterectomy, 200-202
 - See also* Hysterectomy, vaginal
- limitations of, 217-218
- for removal of diseased cervical stump, 166
- scope, 147-148

Vaginitis, senile, cytologic studies in, 1079

Varicella, during gestation, effect on fetus, 331-332

Variola, during gestation, effect on fetus, 329-330

Vasoconstriction, secondary to shock, 928

Vasodilatation, neurogenic, as cause of shock, 927

Vasomotor collapse, postpartum, 1005-1014

Venous obstruction, as cause of shock, 927

Virilization, syndromes with, cytologic findings in, 1056-1057

Virus disease, during gestation, effect on fetus, 327-338, 369

and perinatal mortality and congenital malformations, 433

See also specific types

Vulva, operations on, 256-261

for benign tumor, 257

for infection, 256-257

for injury, 256

lesions of, cytologic study in, 1087-1088

for malignant lesion, 258-261

Warren vaginal flap operation, for perineal tear, 174

Wertheim operation, 218-220, 853
